### **DETAILED ACTION**

This Office action is responsive to applicant's amendment received on 11 May 2005.

Due to newly found art, (Nogi et al), the allowability of claims 27 and 30 is hereby withdrawn.

Furthermore, since claims 27 and 30 were first introduced in an amendment dated 17 September 2004, after applicant had already had the benefit of a first office action on the merits; this is a Final Rejection.

#### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –  
(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 27,30 and 43 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Nogi et al. (US Patent No. 5894832). Nogi et al teaches an engine fuel injection apparatus, having an air chamber (10) on an upstream end of an air intake passage (15), a first fuel injection valve (1d) and a second fuel injection valve (2). See Figs. 1 and 2.

#### ***Allowable Subject Matter***

3. Claims 28,29,31 and 39 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claims 3,4,7,8,11,12,15,16,22,33-38,40-42 and 44 are allowed.

Art Unit: 3747

***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
